Proposed School Board Budget

Updated: March 24, 2023

School Board Approval: April 13, 2023

Board of Supervisor Approval:

School Board Final Approval:

NORTHUMBERLAND COUNTY PUBLIC SCHOOLS

March 24, 2023

Dear Northumberland County Public Schools' School Board & Northumberland Board of Supervisors:

The FY 2023-2024 **Operational Budget** is **\$23,331,811 (an increase of \$2,419,921 or 11.57%)**, and the FY 2023-2024 **School Nutrition Budget** is **\$654,681 (an increase of \$519 or 0.079%)**. The total School Board request including **Operational and School Nutrition** is **\$23,986,492 (an increase of \$2,420,440 or 11.22%)**. The Operational budget proposes increases in the essential areas of employee compensation, health insurance for bus/car drivers, regional program participation, and increases to supplies, materials, and fuel costs.

The FY 2023-2024 **Capital Improvement Budget Requests** total **\$2,564,227**. This Capital Improvement Budget prioritizes **construction of a new school board office** for approximately **\$1,200,000**; **flooring upgrades at NES for \$379,380**; and **replacement of the NES playground for \$500,000**; **repairs to the concrete walkways at NMS/NHS for \$70,860**; and **a rooftop stairway at NES for \$63,756**. Also included is the addition of **one special education bus (\$117,755)** and **two regular passenger buses (\$232,476)** to keep up to date with an aging fleet.

The proposal includes a **5% salary increase for all employees plus a 1.25% step increase for scaled employees and a health insurance increase of 9.9%**.

Additional major cost increases include a **rise in fuel prices (an increase of \$120,000)**, **health insurance and related benefits for bus drivers (an increase of \$368,476)**, **3 school security officers (an increase of \$134,844)**, **a crisis alert system (an increase of \$27,000)**, **a speech pathologist (an increase of \$116,130)**, **Frontline (an increase of \$15,000)**, and **participation in the Chesapeake Bay Governor's School (an increase of \$10,125)**. The proposal also includes an increase in contract services for **ServiceMaster (an increase of \$24,000)** and changes to the **paraprofessional pay schedule (an increase of \$63,930)** to address inequities and remain competitive in wages.

By law, this proposal must be balanced with revenue that equals expenditures. **Therefore, this budget proposal relies on additional support from the Commonwealth.** The NCPS School Board has conducted public surveys, and held public work sessions and public hearings. The School Board reviewed budget requests from educational stakeholders including, but not limited to, students, families, employees, and community members.

Our School Board publicly acknowledges and thanks the County Administrator and the Board of Supervisors who consistently support the school division and generously fund the many

NORTHUMBERLAND COUNTY PUBLIC SCHOOLS

NES

NMS

NHS

programs and instructional initiatives that make NCPS a leading school division in the Northern Neck.

This budget's objective is to balance available resources and continue support of important division priorities. With full funding of this proposal, the school division will be able to compensate our current employees with competitive salaries, continue to offer relevant instructional programs and provide transportation and facilities that are safe and reliable.

Sincerely,

Dr. Holly Wargo, Superintendent
Northumberland County Public Schools

Mrs. Tara Booth, Director of Finance
Northumberland County Public Schools

Section 6
Capital Improvements Budget

Northumberland County Public Schools CIP

2023-2024

Priority/Rank	Location/Department	Item	Description	Estimated Cost	Funding Source
Urgent (Health & Safety)	NES	Flooring Upgrades	The current NES interior flooring consists of carpeting and vinyl composite tile that has been in place for 26 years. The carpeting has far surpassed its service life and has become a safety concern. The vinyl composite tile(vct) shows severe wear and requires constant stripping and waxing. Stripping and waxing floors is not a cost effective option for floor maintenance as it requires extensive labor hours to complete, the materials needed are very expensive, and the stripper required to remove old wax from these floors is harmful to the people using it as well as the school's sewage system. Due to the hazardous chemical makeup of the stripper an outside source has to be utilized such as Safety Clean to remove it from school grounds.	\$379,380	Capital Fund or Bond
Urgent (Health & Safety)	NES	Playground Replacement	The current playground poses a severe safety risk for all elementary school students as this area is clearly visible from the road, giving an individual with bad intentions the opportunity to endanger anyone onsite. This site has also suffered greatly over the years from poor drainage. With the existing poor drainage issue heavy rains have made this playground unusable for multiple days at a time. The location of the current playground also prevents adequate parking for all Little League events. During the Little League season participants use the NES bus loop and parking lot for overflow parking. Converting the existing playground into an additional parking lot will alleviate this as well as provide increased handicap accessibility which both facilities have a strong need for.	\$500,000	Capital Fund or Bond
Urgent (Health & Safety)	NES	Rooftop Stairway Installation	Currently, NES only has a ladder located in the rear mechanical room to provide access to the roof. Technicians cannot transport heavy equipment, tools, etc via this ladder and this ladder poses a safety concern during inclement weather.	\$63,756	Capital Fund or Bond

NCPS Budget
 School Board Approved
 2023-2024

Urgent (Health & Safety)	NES/NMS/NHS	Well Replacement	The Department of Environmental Quality(DEQ) requires that NCPS shall properly abandon either the High School Well(DEQ#166-00133) or the Elementary School Well(DEQ#166-00163) in accordance with the Virginia Department of Health's Regulations no later than March 1, 2026.	\$450,000	Capital Fund or Bond
Urgent (Health & Safety)	NMS/NHS	Concrete Walkway Repairs	The existing exterior walkways at NMS/NHS currently consist of poured slabs that wrap large areas of concrete pavers. Over time the concrete pavers have settled, leaving numerous trip hazards around the exterior walkways of this facility. The most cost effective means to correct this is to remove the concrete pavers and replace with a poured concrete slab to level all walking surfaces. The areas where the pavers are removed can be stamped to mimic the original appearance.	\$70,860	Capital Fund or Bond
Urgent	School Board Office	Construction of New School Board Office	A new facility will need to be constructed IAW the provided floor plans from Connemara in the event that the existing facility(EVB) will not be accessible for future use.	\$1,200,000	Construction Grant Funded
Urgent	NCPS Bus Garage	Busses	The transportation fleet is aging and in desperate need of upgrading. Urgent (two 77 passenger \$116,238 each, and one 35 passenger \$117,755 each)	350,231	Capital Fund or Bond
Necessary 2025	NHS/NMS/NES	Parking Lot Resurfacing	The NCPS parking lots and bus loops are starting to show signs of wear. Cracks are forming and all painted markings are in need of a re-application.	\$150,000	Capital Fund or Bond
Necessary	NHS	Athletic Track Resurfacing	The current athletic track surface is showing signs of wear from continual usage and is also starting to delaminate from its concrete undersurface. The maintenance department continually patches damaged areas to prevent any trip hazards, however, the affected areas are gradually getting larger and more difficult to repair. Also, the painted lane stripes are becoming less visible due to continued used and u/v damage.	\$120,000	Capital Fund or Bond

Necessary	NCPS Bus Garage	Bus Garage Security Fence	The back end of the property line is not secure due to the security fence collapsing. All supporting poles are deteriorating past the point of repair and all existing fencing material shows signs of heavy rust. The forward section of this fence line where the entry and exit points are have been repaired numerous times over its lifespan. An updated fencing system will provide adequate security for this location, preventing fuel theft as well as a secure location for all buses and fleet vehicles.	\$55,000	Capital Fund or Bond
Necessary	NCPS Maintenance Department	Service Truck with Snow Plow Capabilities	The current service truck has an excessive amount of miles and is becoming very costly to maintain. The school system relies on this truck heavily for snow plowing and salting of the parking lots and bus loops.	\$50,000	Capital Fund or Bond
Necessary	NES	Boiler System Upgrade	The current oil fired boilers are 26 years old and have surpassed their designed service life. Replacing each boiler with two propane boiler systems will provide a cleaner, more efficient means of heat as well as allowing for the discontinued use of an aging underground diesel fuel tank.	\$120,000	Capital Fund or Bond
Necessary	NES	Generator Replacement	The NES Generator is becoming increasingly more expensive to maintain due to its 26 year age. Unscheduled electrical load drops are becoming a common occurrence due to the age of the generator windings and poor condition of the ATS. The ATS, due to its age, is becoming hard to find parts for. Also, due to excessive wear to the generator's diesel engine fuel governing system, certain sensitive pieces of equipment such as the new Carrier rooftop units are susceptible to equipment failure from irregular voltage supply.	\$50,000	Capital Fund or Bond
Necessary	NMS/NHS	RTU Replacement	Each RTU is in its 13th year of an average 15 year service life. This facility has a total of 13 RTU's and the Maintenance Department recommends a gradual replacement of four units per year. The prioritization of the order of replacement will be based off of each RTU's machinery history.	\$800,000	Capital Fund or Bond
Necessary	NCPS Bus Garage	Busses	The transportation fleet is aging and in desperate need of upgrading. Necessary (three 77 passenger \$116,238 each)	\$348,714	Capital Fund or Bond

TOTAL \$4,359,227
